Actions of Resolutions Committee

Proposed Resolution #1: Resolution Expressing Appreciation and Gratitude for the Arizona State Senate Audit of the 2020 Maricopa County Election for the Purpose of Upholding Election Integrity

Originator: Tristan Manos (LD24)

Accepted: 10 Ayes, 0 Nays, 1 Abstention

Whereas ongoing controversies related to the official results of the 2020 Maricopa County Election (2020 Election) remain unresolved;

Whereas Maricopa County government failed to maintain appropriate control over the administration of the election, essentially turning over partial control to Dominion Voting Systems;

Whereas the primary purpose of the Audit was to uphold the most basic — and important — principles of election integrity;

Whereas the Audit contractors strived to be a part of the solution to any and all problems observed in the administration of the election, up to and including the county canvass and state certification of the election results; and

Whereas the Maricopa County Board of Supervisors, Recorder's Office, Elections Department, Attorney's Office, and Arizona Secretary of State's Office failed to honor or cooperate with the

MCRC 2022 Mandatory Meeting

Resolutions Committee Report

Audit as appropriate, thus making those government agencies part of the problem, yet those agencies blamed problems on the auditors, further undermining the integrity of the 2020 Election; now, therefore, be it

Resolved, the Maricopa County Republican Committee hereby: 1. expresses appreciation and gratitude for the Arizona State Senate Audit of the 2020 Election;

2. calls upon Maricopa County government to immediately cooperate with the Audit and immediately terminate contracts with Dominion Voting Systems (DVS), including DVS personnel;
3. urges the Arizona Attorney General to remain committed to a comprehensive investigation of the administration and certification of the 2020 Election; and
4. encourages the Arizona State Legislature and Arizona Governor to immediately enact responsible election laws further upholding election integrity in Arizona elections.

Proposed Resolution #2: Call To Action (“Let’s Go Brandon”)

Originator: Joe Neglia (LD26)

Rejected: 1 Aye, 9 Nays, 1 Abstention

Proposed Resolution #2 is rejected

Proposed Resolution #3: Reaffirming the GOP’s Roots as the Party of all Members Americans

Originator: Margaret Creedon (LD23)

Accepted as modified: 10 Ayes, 0 Nays, 1 Abstention

Whereas the Democrat Party has historically been a party of divisiveness and racism;
Whereas the Democrat Party continues to display and practice their extreme foundational principles through its support of racist and divisive programs and ideas like Critical Race Theory;
Whereas Democrat Party is increasingly intolerant of those expressing personal ideas, opinions, or values that stray from an increasingly strict devotion to collectivism that is the polar opposite of, and enemy of, the freedoms and liberties declared in America's founding documents; Whereas through their tax and spend policies that will bankrupt our nation, and their continuous attacks on the rights and financial security of everyday Americans, Democrats continue to be the party of corruption, beholden to and doing the bidding of big corporations;
Whereas the Republican Party was founded upon and remains grounded in the tenets of liberty, freedom, and equality under the law; and
Whereas the Republican Party has shown through its steadfast pursuit of lower taxes and fewer government regulations, that it is the party of the American people, workers, small businesses, and families; now, therefore, be it

Resolved, that the Maricopa County Republican Committee (MCRC), on behalf of its members: 1. reaffirms and declares that the Republican Party is "The Big Tent Party," the party of all Americans; 2. reaffirms the Republican Party welcomes all people regardless of creed, color, or background; and 3. reaffirms that through addition, rather than subtraction, the Republican Party will continue to represent the very best values of America and Americans.

Proposed Resolution #4: Thanking Our GOP Congressional Delegation for Voting Against the Unconstitutional and Socialist “Build Back Worse” Plan

Originator: Russell Pearce (LD25)

Accepted by unanimous consent voice vote.

MCRC 2022 Mandatory Meeting
Resolutions Committee Report

Whereas Arizonans, like most of America, do not want or support additional massive spending packages, tax increases, or radical policies;

Whereas Joe Biden's dishonestly labeled "Build Back Better" bill contains free college tuition and amnesty for millions of illegal aliens, a doubling of the Internal Revenue Service, a loss of financial privacy, language to force taxpayers to pay for abortions, massive tax increases on small businesses and the middle class, hundreds of billions of dollars of new spending on Green New Deal style initiatives, gun control measures, and other radically bad ideas; and

Whereas Representatives Biggs, Gosar, Lesko, and Schweikert stood tall in defense of our liberties, jobs, and families; now, therefore, be it

Resolved, the Arizona Republican Party supports and thanks Representatives Biggs, Gosar, Lesko, and Schweikert for their patriotism in defending America against reckless and dangerous Democrat Socialist legislation.

Proposed Resolution #5: Opposing Property Taxes for Those Over 65

Originator: Russell Pearce (LD25)

Accepted: 10 Ayes, 0 Nays, 1 Abstention

Whereas Property Tax is a direct attack on our founding principles of Property Rights and Freedom; Whereas the concept of home ownership is itself a mirage when one never fully owns their home, thanks to the annual lien (property taxes) government places on it;

Whereas government's willingness to allow taxation by special groups like school bonds, overrides, healthcare tax districts, and myriad over taxing entities threatens to force citizens from homes they can no longer afford – often the same home they were raised in or lived in for decades;

Whereas many of the most vulnerable are seniors, veterans, widows, widowers, etc.; and Whereas we must return to the founding principles of our divinely inspired Constitution and offer protection from immoral plunder by government through excessive taxation; now, therefore, be it

Resolved, the Maricopa County Republican Party supports any efforts to begin to deal with property taxes, starting with our senior citizens 65 and older on only their primary property, so that those who have paid taxes all of their lives will be able to live their final years with the peace of mind that comes with knowing they are safe.

Proposed Resolution #6: In Support of Parental Involvement and Choice in Education

Originator: Russell Pearce (LD25)

Accepted as modified: 9 Ayes, 1 Naye, 1 Abstention

Whereas Republicans, like most Americans, believe that parents, not bureaucrats, should be making decisions for their children's education;

Whereas it is a core conservative belief that the people who matter most in our schools are our students and our teachers, even though liberals believe it is the administrators, diversity training officers, and vaccine mandate supervisors; and

Whereas what remains of the old public school monopoly continues to fight to obstruct efforts to expand school choice in Arizona, because they are desperate to hang on to as much money and control as they can for as long as possible; and

Whereas today's Democrat Party is targeting parents and has weaponized the Department of Justice to pursue parents who oppose radical curriculum like Critical Race Theory; and

MCRC 2022 Mandatory Meeting

Resolutions Committee Report

Whereas Arizona parents know what is best for their children and deserve as many education options as possible; now, therefore, be it

Resolved, that the Maricopa County Republican Party remains 100% committed to expanding school choice options for students and parents; and further be it

Resolved, that the Maricopa County Republican Party encourages parents to rise up, run for school board offices, and make their voices heard, and that the Maricopa County Republican Party will support those efforts whenever possible; and further be it

Resolved, that the Maricopa County Republican Party calls attention to, and opposes Republicans who campaign as conservatives while voting against school choice and against the best interests of students and parents – specifically Representatives Joanne Osborne, Michelle Udall, and Joel John.

Proposed Resolution #7: In support of a Strong Republican Form of Government

Originator: Russell Pearce (LD25)

Accepted by unanimous consent voice vote.

Whereas our Republic was ordained of God and implemented by inspired Founders who committed their lives, their fortunes and their sacred honor to give us this Constitutional Republic;

Whereas our Bill of Rights, that protects our rights and liberties, was paid for by the shedding of blood of Patriots who ran into the fire, not from it, all in defense and preservation of our God-given freedoms;

Whereas we have a Union of 50 sovereign states and this Republic can only be saved by the states recognizing their duty and sovereign powers;

Whereas in the age of Joe Biden, it has fallen to conservative states like Arizona to protect our liberties and freedoms, by protecting our Constitution and working together to nullify any and all actions not enumerated in the Constitution;

Whereas we the people of the State of Arizona cannot stand on the sidelines and be spectators to the destruction of this Republic, rather we must defend our Republic against enemies both foreign and domestic; now, therefore, be it

Resolved, The Maricopa County Republican Party recognizes Arizona's sovereignty and the Constitution's limitations on government to protect our liberties, rights and freedoms, and encourages our Legislators to use their power to work with other states and protect and preserve our Republic.

Proposed Resolution #8: Opposing Use of and Acceptance of Consular Cards

Originator: Russell Pearce (LD25)

Accepted: 10 Ayes, 0 Nays, 1 Abstention

Whereas SB1420 and its companion bill HB2458 legalized the use and acceptance of Consular Cards, commonly used by illegal aliens, terrorists and smugglers according the FBI and Justice Department;

Whereas SB1420 requires district or charter schools to accept consular identification cards as verifiable documentation of residency;

Whereas federal law 8 USC 1324 states that any person that encourages or induces, in any way, illegal aliens to come to or remain in the United States, is committing a felony;

Whereas according to testimony from Steve McGraw, Assistant Director of The Office of Intelligence, FBI, before the House Judiciary Subcommittee on Immigration, Border Security, and

MCRC 2022 Mandatory Meeting

Resolutions Committee Report

Claims on Consular ID Cards "Federal officials have arrested alien smugglers who have had as many as seven different Matricula Consular cards in their possession"; and
Whereas after 9/11 these cards were rightfully rejected both in Arizona and across the nation, until Senator Paul Boyer introduced a bill to force Arizonans to recognize them, rallying Democrats around the cause and fooling some Republicans into supporting it; now, therefore, be it Resolved, the Maricopa County Republican Party rejects this legislation and all legislation that promotes abuse of the rule of law, threats to our citizens and taxpayers, and encourages illegal aliens to break the law in coming and staying in our country.

Proposed Resolution #9: Holding Michelle Udall Responsible for Her Record

Originator: Russell Pearce (LD25)

Accepted: 7 Ayes, 3 Nays, 1 Abstention

Whereas as a State Representative and Chairman of the House Education Committee, Michelle Udall has repeatedly blocked or killed quality education legislation;
Whereas Michelle Udall killed bills to require the Pledge of Allegiance or allow a moment of quiet reflection;
Whereas Michelle Udall blocked efforts to allow Arizona voters a chance to approve school consolidation that would have saved approximately \$500 Million a year from administrative costs that could have been redirected into classrooms;
Whereas Michelle Udall killed bills to require schools to teach one year of personal life finances that would give students important everyday skills like learning how to amortize a loan, balance a checkbook, etc;
Whereas Michelle Udall refused to hear a bill that protected teachers from being forced to honor a student's misguided request by referring to them as a pronoun other than that of their biological sex; and
Whereas Michelle Udall routinely votes with Democrats to kill common-sense conservative bills; now, therefore, be it Resolved, that the Maricopa County Republican Committee urges Republican voters to hold Michelle Udall responsible for her bad voting record on education issues and urges Michelle Udall to start putting children before bureaucrats when it comes to education issues

Proposed Resolution: #10 Opposing Reparations for Law Breakers

Originator: Russell Pearce (LD25)

Accepted as modified: 10 Ayes, 0 Nays, 1 Abstention

Whereas Joe Biden has been working with the ACLU on a plan to give hundreds of millions of dollars to illegal aliens who illegally broke into our county, with payments reportedly as much as \$490,000 to \$1,000,000 per family;
Whereas the Wall Street Journal reported that illegal aliens who came in willful violation of our laws, passed by our Congress, per our Constitution, will receive not just a groveling apology from the Biden Administration, but huge amounts of cash, all because our government dared to enforce its own laws; and
Whereas never once did Biden suggest that the illegal aliens pay back the American taxpayers for the billions they cost our country, in costs related to border security, education, healthcare, incarceration, enforcement, etc, not to mention the thousands of American killed, the jobs lost, etc.; now, therefore, be it

MCRC 2022 Mandatory Meeting

Resolutions Committee Report

Resolved, that the Maricopa County Republican Committee condemns in the harshest manner any form of reward for law breakers and condemns this abuse of power by the Biden Administration as both idiotic and destructive.

Proposed Resolution #11: Resolution for Maricopa County Precinct Committeemen to Unify and Proactively Work to Elect Republicans in 2022

Originator: Mickie Niland (LD12)

Accepted by unanimous consent voice vote.

Whereas Maricopa County Republican Precinct Committeemen are extremely worried about our nation;

Whereas waiting for the “someone else” to fix things doesn’t work;

Whereas more Republican voters are needed to win elections;

Whereas we need to meet our Republican voters;

Whereas we need to be united to win;

Whereas infighting turns off the public;

Whereas infighting drains our energy and resources;

Whereas social media amplifies our “political bubbles”;

Whereas the American people are fearful and discouraged; and

Whereas our patriot ancestors turned to God and made Him a priority in their lives; now, therefore be it

Resolved, that Maricopa County Republican Precinct Committeemen will:

1. work instead of worry;
2. knock on doors and phone bank;
3. proactively register voters;
4. engage with voters in their precinct by holding neighborhood events;
5. lay aside our infighting and focus on winning;
6. turn down the vitriol and focus on issues;
7. ignore the negative and channel our energy into positive outcomes;
8. increase our in-person political involvement and meet new people;
9. present our Republican message in people-centered, positive, and caring ways; and
10. pray mightily every day for our country.
