

Charlie Schinke is a husband, father of a USAF Airman, and financial manager running for Maricopa County Republican Committee Treasurer. He has lived in Arizona over 40 years, the last 34 here in Maricopa County where he works hard to advance Arizona First conservative principles among his friends, relatives, and neighbors. Charlie knows the Republican Precinct Committeemen of Maricopa County hold the key to successfully turning back the challenges we face from the left. He knows it is by empowering PC's with the tools they need to do what they are entrusted to do that conservative principles can once again guide our county, state, and nation. Ensuring that Legislative District Treasurers understand what is required of them, helping them get their questions answered, and assisting them in fulfilling their unique roles will be a major focus in Charlie's position as MCRC Treasurer. He will also be accounting for all funds flowing through the MCRC, filing all required reports, and accurately presenting the Committee's financial position at all MCRC official meetings. Charlie is a six-term PC and a three-term State Committeeman. He holds a bachelor's degree from Wisconsin, an MBA from Arizona State, and accumulated 17 accounting credits. He has been in the financial services industry over 40 years and for over 35 years has worked for one of Arizona's largest banks where his roles have included financial manager, unit manager, information systems manager, and is currently a risk manager handling multi-million-dollar transactions almost daily. He served as treasurer for several churches, and is currently treasurer for two non-profits. The last two election cycles he was campaign treasurer for city council, school board, and state senate races. As your MCRC Treasurer Charlie will use his education and experience to help all District Treasurers. Vote for Charlie Schinke for MCRC Treasurer!
